***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,5,12,16,20 & 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Drake (5,035,117). Drake discloses a thermal engine driven refrigeration system and comprising: a spark ignited internal combustion engine (14) having a shaft coupled to an air compressor (24) and refrigeration systems (26,28) and moreover carbon dioxide is removed from inert gas and cooled, filtered and refrigerated or stored (see column 2, lines 15-25).

***Allowable Subject Matter***

Claims 3,4,6,8-11,13-15,17-19 & 21 are allowed over the prior art of record.

Claims 2,7, are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments filed 8/31/2004 have been fully considered but they are not persuasive. The apparatus for separating volatile organic compounds from a stream of gas includes an inert gas generating means for converting a portion of exhaust from internal combustion engine into said stream of gas.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

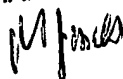

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
